Meeting Room Carpeting

We could always use a good refresh! Although the holiday season is very busy, it still leaves us with down time in parts of the facility. We took this opportunity to focus on an area that is occasionally overlooked - the floors! For a week in December, we closed off our meeting room area to replace the carpets. It is very hard to find a five day stretch without a meeting, so we took this opportunity quick! Not only did the rooms get new carpeting, but our hallway got a deep blue to match our Grand Lobby. This makes for a more seamless transition as your guests head back to their break out rooms!

Lobby & Entrance Floor Waxing

Sticking with the floor theme, we also began to wax our floors out in the Grand Lobby and Main Entrance. Out of all the areas in the facility, these are probably walked upon the most. Which means it's important that these areas remain in their best condition. During the downtime over the Christmas/New Years holiday and before we picked up steam in January, our facilities team got to work on the floors. Striping, waxing, and polishing to make them shine bright for all of our 2024 events!
