## Room Diagram Map

Those that have toured our facility have met our event planners in what we call, *The Marketing Room*, where we fine tune the details of their event. One step in the planning process that has always taken some time is designing the layout of the rooms. In the past, it has either been done on the original blue prints downstairs, using hand-cut pieces, or on a PowerPoint diagram. Both of these methods can cause mistakes since they may not be to scale. With the recent purchase of a Cricut, from tables to stages to bars, we cut to-scale, magnetic versions of anything that may be in a room setup. Our facilities team worked to hang a whiteboard and refreshed room diagrams. This now allows our planning team to not only create very accurate diagrams, but do so with the guest in the room! It is another great tool to ensure your event runs smoothly!

## Festive Decorations!

Every year, we decorate the facility for our many Christmas and Holiday parties. This year was no different, please enjoy photos of the decorations and get into the holiday spirit!!

# EMPLOYEE SPOTLIGHT

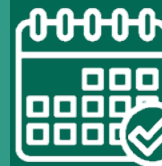

EMPLOYEE OF THE MONTH

## CULINARY TEAM

From breakfast pastries for a team meeting to a five-course dinner for a large banquet, our Culinary Team tailors every meal to capture the flavors of your event. Our meals are prepared in house using fresh and locally-sourced ingredients. Though they are behind the scenes in the back of the house, the Culinary Team plays an intricate part in the days leading up to and especially during your event. Every plate serves as a symbol of their commitment to an unforgettable dining experience.
